

# HACU ProTalent Job Board

One of our mission pillars is to meet the needs of business, industry and government through the development and sharing of resources, information and expertise. The HACU ProTalent Job Board is a key way to help companies make more placements and diversify their workforce.

The Hispanic Association of Colleges and Universities (HACU), was founded in 1986 by higher education institutions with a high number of Hispanic students. Today, HACU has become a resource for organizations and companies seeking diverse candidates.
